JOSIAH TURNER, Jr., EDITOR.

A MULE RIDE IN FLORIDA.

The boys insisted that I needed relaxation. My health required it. I had a pretty fair article of health, I thought; enough to last me as long as I lived. But I must accumulate a stock for future use. The South was the place to get it. And riding was healthy. The sand was too deep to ride, except on horseback, so I thought I would take a ride. I applied to the livery man for a horse. He had one. He looked sorrowfully at me, as though he pitied me. Did I ever ride a mule? I never had. He had as good riding horses as ever were sadd died, but if I wanted a "Rock-Me to Sleep Mother" style of ride, I would take a mule I don't consider myself a first-class judge of mules. I had some vague notions in regard to them; supposed they would do a large amount of work with very little feed, and were immortal. I had read of one being driven over the same route *by the same boy* for 87 years, and he was a young mule yet. Bring forth the mule. The mule was brought. He was a meek looking cuss—a perfect "Uriah Heep" of a mule, as far as "Umbleness" was concerned. At least, that was the view I took of him. He was saddled, and mounted. For a mile or two he paced beautifully. I thought those old monks I had read about knew what they were doing when they traveled on mules.—I had a high respect for their judgment. Just then my mule began to show symptoms—symptoms of what I did not know. I found out. Dropping his head between his knees, his heels described a parabolic curve, a diabolic curve, or some other infernal curve, in the air, and I got off and sat on the ground. I got off over his head, and I did it quick. I'm not so old but I can get off an animal of that kind as quick as a boy. Then I looked at the mule to see if he was hurt. It didn't appear to be. Then I inquired around to see how I was. I reported an abrasion of the left hip, and a contusion on the lower end of my back. Then I thought I would pronounce a left handed blessing on that mule, and on his forefathers and foremothers before him, and on his children after him. But I didn't. I wondered if he would stand fire. If I had had a pistol, I would have put the muzzle to his ear and tried him. Not that I was hostile towards him, but I was afraid somebody might take a ride on him some day and get hurt. But I had no pistol, so that benevolent and sanguine idea was frustrated. Then I got up and shook the dust off my feet and brushed the sand off my trowsers as a testimony against that place. Then I led the mule carefully home and stated my case to the livery man. But when I looked that he should offer to send for a doctor, or a Samaritan, to do me up in a rag and pour olive oil and champagne on my bruise, he only laughed. And the man he had to help him laid down on the bench and laughed—then he rolled off the bench and laughed—and I stood holding the mule—then I laughed.—It was ridiculous. But I've I earned a little wisdom. Next time I ride on horseback it will be a different kind of beast from a bogus jackass.

SIMPLE TEST.—Mr. McCulloch gives the following test, which, perhaps, may be innocently tried by all who are at all skeptical as to the prejudicial effects of alcoholic drinks on the human constitution:

"Hold a mouthful of spirits—whisky for instance—in your mouth for five minutes, and you will find it burn severely; inspect the mouth, you will observe that it is inflamed. Hold it in ten or fifteen minutes you will find that various parts of the mouth have become blistered; then tie a handkerchief over the eyes, and taste, for instance, water, vinegar, milk, or senna; you will find that you are incapable of distinguishing the one from the other. This simple and easy experiment proves to a certainty that alcohol is not only a violent irritant, but also a narcotic; for in this experiment you have objective evidence that it has inflamed and blistered the mouth, and subjective evidence that it has, also for the time being, paralyzed the nerves of taste, to a certain extent, those also of common sensation. Now, this is not an experiment or fact upon which any doubt has ever been or ever can be thrown; and I ask you, can you believe that the still more important internal organs of the body can be less injuriously effected than the mouth?"

"Even the moderate use," says Dr. Wilson, "of such liquors, if long continued, and grown habitual, cannot fail to have ultimately a prejudicial effect upon the health while it may be confidently asserted that there are no circumstances, of ordinary character, under which it can be justified as beneficial or necessary."

THE NEGLECTED VICTORY.—The St. Louis *Republican* insists that the Radical trumpeters are not doing justice to their party, inasmuch as they have failed to proclaim one of that party's signal victories. In all the important elections held this Spring, except one, the Radicals have been beaten. They were beaten in Connecticut, they were beaten in Oregon, they were utterly routed in New York. They were victorious only in one case, and in that one they have strangely forgotten to rejoice. The *Republican* alludes the election in the first district, South Carolina, where Radical principles triumphed in the success of Mr. Whittemore by over eight thousand majority. No jubilant head lines have proclaimed this inspiring victory of Radicalism "in the State where the rebellion began." No resonant welcome has been extended to the faithful champion of Radical principles to whom the party is indebted for this gratifying achievement. What is the explanation of this silence of the party over an event that should evoke rejoicings, salutes and typographical "pyramids?"

The monocycle, or one-wheeled velocipede, has appeared in Paris, and completely eclipses its two-wheeled (bicycle) and three-wheeled (tricycle) predecessors. A feuilletonist says that a man must have been a squirrel in a whirling cage, in his previous stage of existence, in order to have thought of such a machine.

Junebug soup is actually a new dish just out in Germany. It is said to be really superior to crab soup which gourmands consider delicious. Bugs have been seen in broth on this side of the ocean, but not "by the advice and consent of the Senate."

"Boy at the foot of the class, spell admittance." Boy—A-d-m-i-t-t-a-n-c-e, admittance." Teacher—"Give the definition." Boy—"Fifty cents; children half-price; front seats reserved for ladies."

SWEET QUININE

Is a Recent Improvement.

Replaces the use of the BITTER SULPHATE QUININE with which all are familiar.

Dose for dose, it is

WARRANTED

Fully equal in every way to Bitter Quinine,

AND, LIKE IT, IS THE ONE

Great, Positive, and Unfailing

CURE

For all Diseases of Malarious Origin.

Fever and Ague,
Intermittent Fever,
Chill Fever,
Remittent Fever,
Bilious Fever,
Dumb Ague,

and the long train of disorders following these when neglected.

SWEET QUININE

is made entirely from **Peruvian Bark** (as is Bitter Quinine), therefore is of Vegetable origin, and not a Mineral poison, but on the contrary is proved to be one of the elements found in the blood of all healthy persons.

SWEET QUININE

acts as an **antidote to, as well as a cure for, malarial or miasmatic poison,** the absorption of which by the lungs causes Intermittent Fevers, etc. The only advantage claimed for

SWEET QUININE

over the use of old Bitter Quinine is the entire absence of that **intense, persistent bitterness,** which in the latter is an insurmountable obstacle to its use with most persons, and always with children.

SWEET QUININE

is in two forms—in POWDER, for the use of Physicians and Druggists, and FLUID, for use in the family and for the general public.

SOME LIGHT.

The people and the Treasury were robbed of $100,000 by the purchase of 8,000 acres of land for a penitentiary site. *Mum*, has been the word with the Governor.

The Western North Carolina Railroad has been swindled out of millions of money. *Mum*, has still been the word with the Governor.

Dr. Sloan has received a bribe of $20,000. *Mum*, has continued to be the word with the Governor. The Governor thinks him yet worthy to handle the people's money.

Bibles, a carpet-bag bankrupt, bought of the Board of Education 800,000 acres of land at 10 cents per acre, and sold it in New York for $20 000, or treble the amount he had bought it at. The Legislature heard of the fraud and passed an act that the Board should have the Legislature to pass upon the sale before the deed was made. This action of the Legislature broke the bargain.

Remember reader, that the Governor, and Ashley of Cape Cod, and Messinger of Hellgate, New York, and Jenkins the Treasurer, and Cebe Harris, Superintendent of Public Works, and Henderson Adams, whose papers were piled up in the rotunda by order of the Supreme Court, constitute the Board of Public Instruction.

These six worthies constitute the Governor's cabinet; they sold the land. This act requiring the approval of the Legislature, was greatly in the way of the Governor and his Cabinet.

When the Legislature assembled after recess, that body repealed the act requiring the sale of the land to be submitted for their approval, and passed an act allowing the Governor and Cabinet to sell, but not for a less sum than $50,000.

They all knew that Bibles could get $90,000 in New York, for that was the sum he had bargained it off for before.

Before the members had all left the city for their homes, the Governor and Cabinet sold the land for $50,000 to Bibles and Marshal Carrow, and that without advertising the same even for a day.

This is fraud so gross that some people call it robbery.

George W. Swepson paid $341,000, mostly to bribe members of the Legislature. He paid much of it through Gen. Littlefield, Gov. Holden's confidential friend and partner in the *Standard* office.

Dr. Sloan, one of the Governor's Railroad Presidents, received $20,000 of this $341,000.

If the Governor is displeased with any one of these vile transactions, he has never had the honesty to say so.

Major Smith, the Governor's Railroad President, with the Governor's knowledge, (it is said,) had a special train at night to take George W. Swepson out of the city, that he might avoid and escape the committee who were investigating these frauds.

But, where is the light? asks the reader. Be patient we are coming to it.

The eight *per cent* North Carolina Railroad bonds were sold at 65 cents in the dollar, when they were worth 100 cents.—The State lost $63,000 by this sale. The Treasurer made the sale to George W. Swepson, and the Governor approved it. Now comes the light. Hon. John. T. Deweese, bosom friend of the Governor, requested a friend of the SENTINEL to ask through its columns how much the Governor received for allowing the bonds to be sold at 65? The gentleman to whom he was talking, asked if he received anything. "Yes," said the Governor's honored friend, calling on God as a witness, "he received $25,000 for allowing the bonds to go at sixty five."

Deweese made this statement near twelve months ago. It came to our knowledge on yesterday.

Let us have light as well as peace.—"Oh these Ku Klux."

FACTS FOR THE PEOPLE.

Remember, that the expenses of the State government before the Radical party came into power was, exclusive of appropriation for artificial limbs, in round numbers $307,000.

Remember that since the Radicals have been in office, they have spent in round numbers exclusive of appropriations for artificial limbs $760,000.

Remember that the State debt, 1st of January, 1868, was $16,500,000, principal and interest.

Remember that the Radicals, in less than two years, increased it to over $40,000,000 but by the decision of the Courts it is now $31,000,000, thus doubling the State debt in two years.

Remember that under our old Court system the cost to the counties was only from $800 to $5,000, according to size.—Now, under Radical rule, these expenses have run up to from $3,800 to $20,000.

Remember, that in former years our old Sheriffs used to receive from $500 to $3,000 a year for their services. Now under Radical rule the Sheriffs of the several Counties make from $2,000 to $15,000.—The Sheriff's office in New Hanover is said to be worth about $15,000. In Wake it is put down at $10,000 to $12,000.

Remember that both the County and Superior Court Clerks of the several counties used to cost the people from $800 to $3,000. Now only one Superior Court Clerk costs the county of New Hanover $15,000 and the county of Wake, $10,000 to $12,000.

Remember that all this comes out of the people's pockets—the laboring men, and the hard working men who cannot make $500 a year, have to help to pay these enormous salaries to men who do not work half as hard.

Remember, that formerly if a man was warranted it cost him from 40 to 80 cents; now it costs from $3 to $6.

Remember, if you were sued at Court, the writ and suit used to cost $6 to $8; now it costs about $20.

Remember, when you formerly wanted to take an appeal to the Supreme Court it would cost you $15 to $25; now it costs you $40 to $60 to take a case up to the Supreme Court.

Can you, will you, people of North Carolina, much longer bear these heavy burdens?

A VERY TRUTHFUL PARAGRAPH.

The following from the Washington correspondence of the New York *Tribune*, is so truthful a presentation of the facts in regard to the designs and movements of certain men in the South, and especially in North Carolina, that no one will read it without at once naming in their minds the very men and the very actions alluded to.

We commend the paragraph to the attention of Governor Holden, that he may see that his movements are understood outside of the State; to the Radical party generally, that they may see the futility of trying to boost the Governor up in his wild, reckless and damnable schemes to prevent a free election in the State; and finally, to the Democrats and Conservatives, that they may move steadily, orderly and firmly in their course, to administer a becoming rebuke at the ballot box, in August, to the man who is pointed out by name, by his own party, as "using the Republican party at the South to advance his own selfish ends." The *Tribune* correspondent says:

"The manner in which partisan telegrams from the South have been manufactured and published in the North, to further the personal designs of unscrupulous and ambitious men, was well shown up in the developments brought out in reference to the Washington *Chronicle* during the progress of the recent Georgia investigation. The same game is now going on in connection with the internal affairs of other Southern States. It is believed that the ensuing elections in the South will result, in some instances, not perhaps in the defeat of the Republican party, but in the defeat of certain individuals who are and have been using that party as a means to their own selfish advancement. Foreseing this the effort is to get up an excuse to declare martial-law, and local newspapers in the interest of the men alluded to are teeming with account of outrages. This is particularly the case in North Carolina, and no surprise need be felt at a daily dish of horrors from that State, served up in the *Chronicle*, 'for,' said one of the North Carolina Senators, 'we must get these statements disseminated through the North.'"

The "certain individuals" who are charged with using the Republican party at the South to advance their own selfish ends are Bullock, of Georgia, and Holden, of North Carolina, and their followers. The allusion to the Washington *Chronicle* relates to the articles published by Bullock in that mercenary sheet, and for which he paid three prices above the ordinary advertising terms. Bullock's account of the condition of Georgia is well known to be a tissue of falsehoods, gotten up for the purpose of operating on Congress.—Holden's recent manifesto concerning Ku Klux outrages in North Carolina is of the same stamp.

WANTS TO FIGHT!

The Governor's drunken, profligate son wants to fight. At least we judge so, as he says "we intend to fight it out."

He threatens us also with *foul play*. He says "*any other* person conducting the leading organ of the Conservatives *shall have fair play*," which can mean only that *we* shall have *foul play*.

And surely we get it. It is what we received when the drunken profligate came with his father's spies and detectives to mob us.

Now we say to Joseph, don't rely on your father's pardoning power, when you take our life by *foul play*; it will fail you.

We are aware that your friend, Sinclair said he could shoot a certain party and your father would pardon him, and that Gen. E—tes promised your father's pardon to any one who should shoot us in the back; but we advise you again, Joseph, don't you rely on it.

Go and finish your fight with Col. Pike, the one-legged editor, who told you he knew enough against this administration, from Friday Jones, up to the Governor, to put the whole pack in the Penitentiary.

This *foul play* fighting is a ticklish thing, Joseph, it leads men to the gallows.

On motion of Maj. A. C. Avery, the chair appointed the following Committee to draft suitable resolutions: S. C. W. Tate, Joseph Brittain, W. C. Erwin, J. C. Mills and Jno. B. Sudderth.

On motion of Maj. A. C. Avery, each township shall be entitled to cast one vote and a majority shall determine the nominations. Nominations being in order a ballot was had with the following result:

For Representative—Capt. J. C. Mills.
For Treasurer—Dr. J. L. Laxton.
For Register—S. A. Bettis, Esq.
For Surveyor—J. R. Sudderth, Esq.
For Commissioners—D. J. Forney, W. W. Conley, J. J. Erwin, P. P. Mull, J. H. Pearson.
For Coroner—M. D. Brittain.
For Sheriff—C. A. Shuping.

On motion of J. G. Bynum, Esq., the nominations were made unanimous.

The committee on resolutions, through their Chairman Mr. S. C. W. Tate, reported the following which were unanimously adopted.

WHEREAS, The Conservative party of the County of Burke desire to express their adherence to their principles, and to secure the support and co-operation of all good citizens, therefore,

Resolved, That we endorse the address of the Conservative and Democratic members of the late Legislature of North Carolina.

Resolved, That we fully recognize the legal and political rights of persons of color, as guaranteed by law, and that we do not desire or intend to interfere, in the free exercise thereof.

Resolved, That we are for retrenchment and reform in the expenditures of the State government, and that we ask it as a matter of justice that no more taxes be levied and collected from the people, than will defray the expenses of the State, economically administered, in order that we may not be driven to repudiation.

Resolved, That we are friends of education, and advocates of the establishment of a system of common schools, we condemn the mis application of the fund, and the late sale of land devoted to the education of the youth of the country.

Resolved, That we in no way advise the commission of outrages by secret political associations or otherwise, and we sincerely regret to hear that acts of violence and disobedience to law, have been perpetrated on her citizens, in certain parts of the State.

Resolved, That the writ of *Habeas Corpus* is the great writ of right of the citizen, the privilege whereof should not be suspended.

Resolved, That we are peaceful and obedient, and ardently desire so to remain, and we are rejoiced to say we do not have any use whatever, of the military in our midst at this time.

Resolved, That the investigation of the "Bragg Committee," discover such fraud among officials as it has not been our lot to see in the history of any State.

Resolved, That we hereby ratify the nomination of the Hon. W. M. Shipp, the Conservative and Democratic candidate for Attorney General of North Carolina.

Resolved, That notwithstanding the credit of North Carolina has been greatly impaired, we are still the more closely attached to her, as the spot of our nativity, and the home of our future years, and that it is our duty, as it will be our pride and pleasure to struggle to develop her resources, protect her interests and restore her prosperity.

Mr. Tate, in presenting the resolutions, said that no elaborate explanation was necessary—but that they would commend themselves to the consideration of every good citizen, without argument. The rights of persons of color, retrenchment in expenditures, denunciation of crime and the preservation of peace were clearly announced. Also the demand of our representatives to reduce the large pay of officials; the defeat of wild schemes of internal improvement, impoverishing the State; and a determination to labor for the prosperity and interest of the State at large, was fully impressed.

Mr. Charles F. McKesson, was then called and responded in an animated speech, in which he portrayed, the extravagant expenditures of the Radical party in conducting the government of the State.

The nominee, Capt. J. C. Mills, was then called for and accepted the nomination tendered him, declaring his policy to be Conservative, and if elected would exert himself for the best interest of the country.

Mr. J. G. Bynum, was next called and responded in a neat speech, and closed by urging the necessity of unanimity at the ensuing election.

Maj. A. C. Avery, was called on and said that he endorsed the resolutions—he also declared that he was for the preservation of the peace of the country and hoped there would be no conflict between the military and the citizens.

The Chairman, Col. S. McD. Tate, was then called up and said that he had nothing to add, except remarking upon the frauds committed in the application of our Railroad bonds to the use of speculation, and the utter uselessness of troops in our midst.

The Chair appointed the following delegates to the Senatorial Convention to be held at Lenoir, June 30th 1870: A. C. Avery, J. G. Bynum, P. Warlick, W. F. Avery, Dr. J. C. McDowell, M. Spainhour, H. Conley, Riley Tallant and Daniel Mace.

On motion of Capt. W. F. Avery, the thanks of the Convention were tendered the Chairman and Secretary, and also the proceedings be published in the Raleigh SENTINEL.

The meeting then adjourned.

CONSERVATIVE SENATORIAL CONVENTION.

Delegates representing the counties composing the first Senatorial district of North Carolina, assembled at the Courthouse, in Edenton, on Thursday, the 23rd of June, 1870. The Convention was organized by calling J. Munroe Wheelbee, Esq., of Pasquotank county, to the Chair, and appointing F. W. Bond, of Chowan, Secretary.

The Chairman explained the business of the Convention to be the nomination of candidates to represent the counties of Currituck, Pasquotank, Perquimons, Gates and Chowan, in the Senate of the next General Assembly of North Carolina.

On motion, the Chairman appointed a committee of five to suggest the names of candidates. The committee retired and after a few minutes consultation returned and submitted the names of Dr. Rufus K. Speed, of Pasquotank, and James C. Skinner, Esq., of Perquimons. The report was adopted with the greatest unanimity and applause.

Dr. Speed was then called for, and amid deafening applause made his appearance, and for one hour, in a calm, dispassionate manner, entertained a large audience of members of both political parties in one of the most interesting and convincing speeches that has been delivered in the old Courthouse for many years.

Both of the gentlemen accepted the nominations, promising a thorough canvass of the district and a glorious result for Conservative principles on election day of August next.

The proceedings were ordered to be printed in the Roanoke *News* and Raleigh SENTINEL, and then, on motion, the Convention adjourned.

BRADLEY, CHRISTOPHERS AND ICE CREAM. We sent a representative over to Bradley and Christopher's this afternoon to look after their ice cream arrangements, and to report as to quality, quantity and convenience of taking it &c. The report was satisfactory in all respects; the nice, cool and comfortable back room of their store has been fitted up with all the necessary arrangements for ladies or gentlemen to quietly enjoy a dish of cream, the quality of which our representative pronounced unexceptionable, and in quantity sufficient for all probable demands.

Now we say, that the man who don't occasionally ask his wife, (provided he has one) with a persuasive smile on his countenance, "won't you go and take a dish of ice cream with me?" is no man at all.

(It is a delightful thing to take one's sweet heart to such places, too, to a young man of social habits.)

CLOSING THE YARBOROUGH HOUSE.—As announced by Mr. Blair in his advertisement, this House will be closed on Saturday, to prepare for the sale of furniture, which begins on Tuesday next.

Dr. G. W. Blackwall, of Kittrell's Springs, succeeds to the charge of this old and well known house, but at what time he expects to open it again, we are not advised.

ABOUT TO MOVE.—To-morrow, we believe, Moseley intends moving his Confectionery, Soda fount and ice cream saloon, from his present location at Fentress's corner, to the house on the opposite side of the street, lately occupied by Mr. M. Rosenbaum, where he has had everything neatly and conveniently arranged for the accommodation of his customers.

That farcical judicial establishment in Wilmington, presided over by "secesh cockade" Cantwell, costs the city of Wilmington about $5,812 per annum, in the shape of fees and salary to his Judgeship.

TRINITY COLLEGE.—We have received the catalogue of Trinity College for 1869-'70. This embraces a circular giving the arrangement of the schools, course of instruction, and other information, such as parents would desire to possess, when choosing a school for their sons.

The catalogue shows that there were in the College during the scholastic year, including the Preparatory Department, 201 students; the largest number reported, we believe, since the organization of the College.

THE VERY FIRST.—A friend in Lenoir county sends us a cotton bloom, which was full blown on Saturday, 25th inst. It is from the farm of Mr. L. A. Mawborn, the Conservative candidate for Sheriff of Lenoir county.

The writer says he has many cotton plants from 30 to 35 inches high, and had counted on one plant 31 forms or squares.

This is doing pretty well. We believe that cotton blooms by the fourth of July are considered something to brag on. Last summer the first bloom we had notice of was one from the farm of Mr. John L. McCall, of New Hanover; the first in Wake was from Dr. Miller's farm near Raleigh, which was discovered, we think about the 27th or 28th of June. We have not heard from our enterprising cotton raisers of this county, yet, on the subject of blooms; who will be first?

EXTRAORDINARY POTATO YIELD.—Last March Mrs. R. H. Whitaker, of this city, received from Landreth, the Seedsman of Philadelphia, by mail, four small Irish potatoes—two of the Early Rose and two of the Early Goodrich species. She planted and cultivated them carefully, and yesterday dug and measured the crop, and it was found that the proceeds of the four small potatoes measured about one bushel and a peck—some of the Early Rose weighing twelve ounces each. This ought to be good for a premium at the next State Fair. Who can beat it?

U. S. DISTRICT COURT.—This Court, we learn, will adjourn to-morrow. Most of the civil and about one third of the criminal and libel dockets have been laid over to next term. Judge Brook's health is not very good.

DEATH OF AN OLD WOMAN.—Sarah Stith, a colored woman, formerly belonging to the Stith family of Halifax, and more recently to Edmund B. Freeman, Esq., of this city, died yesterday. She was considerably in advance of one hundred years old, and retained the use of her mental faculties up to within a few weeks of her death. She remembered the progress of Cornwallis through this State, and often spoke of incidents connected therewith.

KEEP COOL.—To-day has been a scorcher. Every body turned his attention to some method for keeping cool. One tried lager, another a mysterious mixture with mint and ice in it. Some took the cooling prescriptions by the draft, others imbibed it gradually through straws.

We didn't resort to any of these methods, but our experience enables us to give advice to those who wish to keep cool, and we proceed to do so, claiming a moderate share of gratitude from those who may be benefited:

First, step in at Bradley's, Roysters', Mosely's, Gattis', Thiem's, or Pendl's, and take a cool glass of sparkling soda, choosing your syrup according to your taste or fancy. After a little respite, during which, use one of those fans to be had of any of our Dry Goods merchants, step in at Mosley's or Bradley & Christophers' and take a saucer of ice cream. At intervals repeat the soda prescription. Avoid strong decoctions and political discussions. Repeat the soda. Walk as little as possible and walk slowly. Keep to the shady pavements, and repeat the soda at intervals. Take your wife or sweetheart to Bradley & Christophers' or to Mosley's and treat her to ice cream, in the cool of the evening. Then retire home, take off your coat, shoes and socks, stretch your toes and make yourself comfortable.

This advice, of course, is intended for those who can afford to follow it; we can't.

THE ART AND ANIMUS OF PUFFING.—We always like to say a good word for our friends and patrons, when we can do so on a proper foundation. Few editors or Locals are fond of puffing *per se*, but always like to have some pretext for indulging in that sort of pastime; and some Locals indulge in it on very slight, and some on very mistaken grounds.

For instance, we once knew of three pounds of crackers being bought and paid for by a party, and ordered to be sent to a certain office; the porter, by mistake, took them to another place, where they fell into the hands of a certain Local. This Local thereupon penned a flaming puff to the vender of crackers, who was first made aware of the porter's mistake by reading said puff. Of course he could do nothing less than put up another three pounds of crackers and send them, with an apology for the delay, to the customer who ordered them.

On another occasion, we heard of a gentleman who, feeling a little indisposed, ordered a quart of ice cream from an establishment where that luxury was kept. As in the former case, the porter by whom it was sent, took it to the wrong place, where it likewise fell into the hands of a Local. The consequence was a flaming puff of the ice cream establishment, which, however, was richly deserved, though not for the reason supposed by the writer.

Northern men who have bought plantations in the South are the foremost in the endeavor to introduce Chinese laborers.—In proof of this, read the following:

"Oakes Ames, M. C. from Massachusetts, has a plantation opposite New Orleans, to which he has just sent 140 Chinamen."—*Ex.*

Colored men, these are the people who pretend to be your friends. They intend to introduce such a cheap system of labor among you that will operate towards making you leave the country or starve.

RECRUITING.—The Governor's recruiting goes on slowly in this locality. We learn that Capt. Gant of this city has enrolled seven men.

The prospect is so gloomy that the Governor has betaken himself to Washington.

WHERE IS THE MONEY?—On the first day of this month (June) our astute financier, Treasurer Dave, could show cash on hand $16,196.76.

Where is that money? Why are men refused the payment of even small debts?

What has become of the six *per cent* dividend due from the North Carolina Railroad? Has that been all collected and spent?

Where is the Sheriff's returns of tax under schedule B? Is that all gone, too? Where is the money?

HARD RUN FOR A CANDIDATE.—We learn that the Radical Convention of Bladen county, which met at Elizabethtown last Saturday, nominated *Adjutant General Fisher* of this city for the Commons from that county. They must be hard run for a candidate in Bladen.

A. R. Abbit, a citizen of the lower part of Craven county, was fired upon and instantly killed by an unknown enemy lying in ambush, one day last week.

The Conservatives of Robeson county have nominated Dr. R. M. Norment, for the Senate, and Col. Bethune and Mr. Reagan for the House of Representatives.

The Lutherans of Charlotte intend to build a new Church.

WANTED.—A No 3, or No. 4, Washington printing press, second handed but in good order. Apply at this office.

In Cabarrus county, the Conservatives have nominated Dr. J. L. Henderson as their candidate for the House of Representatives.

The Conservatives of Polk county have nominated H. Hicks, Esq., for the House of Representatives.

There will be a joint meeting of the Directors and Stockholders of the Western North Carolina Railroad at Asheville on the 7th of July.

Wilmington will have a grand excursion on the 4th of July, down the Cape Fear.

Jeff Davis, a negro brakesman on the Seaboard R R, was killed below Franklin depot, by falling from the platform to the track while the train was in motion. His body was cut entirely in twain.

WASHINGTON.

WASHINGTON, June 28.—Revenue to-day $479,000.

The Senate, while in executive session yesterday, by a vote of 32 to 28, refused to consider the San Domingo treaty, which expires July 1st. It is dead.

The Senate amendment to the 35th parallel railroad excludes land grants from Indian territory—36 to 20. The 224 paragraph was amended to allow branches to use not over twenty thousand tons of imported rails. This section intended to cover the Fremont and other contracts already made for foreign iron.

In concluding the tax bill, the tariff on sugar was stricken out by a vote of 27 to 26, thus leaving sugar as at present.

The same action was taken as to spices, wines, liquors and the manufactures of cotton. The Senate adjourned without taking final action on the bill.

In the House, among the amendments to the appropriation bill was one of fifteen thousand dollars additional for the equestrian statue of Gen. Scott. The South gets nothing so far.

A bill preventing the extermination of fur-bearing animals in the Alaska waters, passed.

The bill allowing imported articles, except wines, distilled spirits, perishable and explosive articles, to be shipped in bond from and to New York, Boston, Baltimore, Fort Huron, New Orleans, Portland, Buffalo, Chicago, Cincinnati, St. Louis, Evansville and Milwaukee, passed.

The currency bill was considered without action up to adjournment.

NEW YORK.

COMPARATIVE COST OF LIFE INSURANCE, as exhibited by an insurance in the Widows' and Orphans' Benefit Life Insurance Company of New York, under their system of Tontine Dividends, and an insurance in any other Company, under the system of annual dividends. For illustration, suppose a person aged 37 years, insures in a company charging on a life yearly payment policy of $10,000, an annual premium of $385.70,

He would pay in 10 years,	$3,857.00
Less an average dividend of 40 per ct.	2,141.80
Making the nett cost of his insurance in 10 years,	$1 715 20
In the Widows' and Orphans' Benefit Life Insurance Company, his annual premium would be $349 10, and in 10 years he would pay	$3491 00
Less Tontine Dividend in cash, at end of 10th year,	3,291 00
Making the nett cost in W. & O. Life Insurance Co, in 10 years,	$199 29
Giving a clear saving in 10 years of	$3,014 91,

by insuring on the Tontine plan.

This plan of insurance is fully endorsed and recommended as better to the assured, and giving greater security to the Company and policyholder, by the Hon. Wm. Barnes late Supt. of the Insurance department of the State of New York, and by the leading Financiers of New York, as well as by all competent insurance actuaries in the United States. LIFE ASSURANCE SOCIETY OF THE UNITED STATES

92 BROADWAY, NEW YORK.

BURROUGHS & SPRINGS,

GENERAL AGENTS,

CHARLOTTE N. C.

THE EQUITABLE

HAS BECOME THE LEADING COMPANY OF THE WORLD.

Its New Business (new assured), for the year 1869, exceeded that of the second company in rank by more than THIRTEEN MILLION DOLLARS.

In 1860 it was the 9th Company in new business for the year; in 1861 it was the 8th; in 1862 and 1863 the 7th; in 1864 and 1865 the 6th; in 1866, the 4th; in 1867, the 3d; in 1868, the 2nd;

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "ANNUAL" AFTER THEY CEASE REQUIRING TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY THEM AT ALL; they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One Hundred Dollars paid in dividends, at the end of *one year*, and each year thereafter, equals FOUR HUNDRED AND THIRTY SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

Gentlemen of character desirous of forming a connection with the Society as Agents are invited to communicate with its General Agents.

A NEW DISCOVERY!!

PHALON'S

"VITALIA;"

OR,

Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and colorless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

THE AMERICAN COMBINATION Button Hole & Sewing Machine

Has been honored with the *highest award* in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work.

Place it unquestionably far in advance of any other similar invention

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity,) making either the Lock Stitch or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparitively noiseless, easily understood, and in a word it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Mrs. TOMPKINS' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 19th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

ROCKBRIDGE ALUM SPRINGS, VA.

Open May 15th, 1870.

THIS FAVORITE AND CELEBRATED Watering Place is now in complete order for the reception of guests. Important improvements have been added to the buildings since the establishment passed into the hands of the present proprietor, and it is his purpose to keep it in a style not surpassed anywhere in Virginia. The waters of these special springs either cure or greatly relieve most cases of Scrofula, Incipient Consumption, Chronic Bronchitis, Chronic Laryngitis, Chronic Pneumonia, Chronic Dyspepsia, Chronic Diarrhœa, Dysintery. They are also a great value in those affections which are peculiar to the female constitution, and as an aperient, or, a tonic and general restorative, they are, perhaps, unrivalled amongst mineral waters. The proprietor will have provided for the lawns and ballroom a first-class band of music, and in general all the sources of amusement and recreation usually found at our best summer resorts will be at the command of the guests at "ROCKBRIDGE ALUM." The place is within eleven to thirteen hours of Richmond, Washington, Baltimore, &c., by rail, all in daylight. Passengers leave the cars of the Chesapeake and Ohio Railroad at Goshen Depot, and new and elegant stage coaches, passing rapidly over a smooth and level road of only eight miles, set down the visitors at the Springs to tea.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks,*—upon which elements of administration the security of a Life Insurance Corporation *depends*

The laws of New York *compel* Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important SAFEGUARD. It will be found in the BROOKLYN LIFE.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."
